

Munchkin Sammlerbox and Card Translations

Box ability translated by T. Dorst. Included cards translated by BIGsheep. Edited by Rev. Pee Kitty. Hosted at www.mygurps.com

The Box is a magical artifact and grants you a special power in every game of Munchkin: If you play with Munchkin cards stored in this box only, then the owner of the box is allowed to pick any one card from the discard pile once per game. He can use this power at any time except during combat. If two or more Players show up with their boxes, then play starts with the cards from the box which outweighs the other boxes.
